

Retractable Screens for Any Opening!

i INFORMATION

At Genius Retractable Screens, our passion is delivering screen systems that offer protection against insects, support fresh air, and enhance viewing pleasure. Genius Screens offers retractable screening solutions for doors, windows and other openings such as patios, verandas, and garages. Unlike conventional insect screens, Genius screens retract out-of-sight when not in use, creating uninterrupted views.

With a wide selection of fabrics and frame colors, Genius screens provide fresh natural ventilation, shade from the sun, and protection from insects as they enhance the comfort of any home.
